Resident Comments

New Business

- II. Environmental Disturbance Application No. 26-03
88 Haverford Road

Chris Schmidt from Hampton Technical Associates was in attendance to answer questions relative to the construction of a pool, pool house, patio and rock sump. The proposed improvements are located to the west of Old Mill Road and north of Haverford Road.

Hampton Technical Associates submitted its response to LSSE's second review letter just before the meeting.

Due to insufficient time for the Environmental Advisory Council and the Borough Engineer to review the latest submission and the EAC's inability to make an informed recommendation to Borough Council, Mr. Murphy motioned to table Environmental Disturbance Application No. 26-03 until the May meeting. Ms. McEver seconded the motion, which passed unanimously.

Unfinished Business

Adjournment

With no other business to come before the Environmental Advisory Council, the meeting was adjourned at 7:16 p.m.

Kelsey M. Mersing
Administrative Assistant
